Benefits

Argentina or the *Argentine Republic* is located in the very Southern tip of South America, a fact that influenced its history and development. It has a mix of different physical features such as mountains, active volcanoes, grasslands, glaciers, and the famous Iguazu Falls.

Argentina is a country rich in natural resources and has a vast and high fertile land which provides a competitive advantage in areas such as agriculture.

There are many common delicious foods that Argentinians eat. Some examples are empanadas, milanesa, choripán, asado, mate, and dulce de leche.

The most popular dance is Tango followed by Cumbia, Cuarteto, and many others. In Argentina, there is a variety of music such as traditional, classical and popular. There are also many museums where individuals can go to explore and learn more about Argentine culture. The most popular sport in Argentina is Fútbol (soccer). Any time there is a game Argentinians never fail to support their team by cheering them on and showing team spirit.
